object in whose manufacture any power-driven machinery has been used, shall be eligible for the use of the Government stamp.

In detail, Indian silver objects, to merit the Government stamp of genuineness, must meet the following specifications:

(1) *Material*.—Silver slugs of 1 ounce weight or other silver objects may be used, provided their fineness is at least 900; and provided further, that no silver sheet shall be used. Unless cast, the slug or other object is to be hand hammered to thickness and shape desired. The only exceptions here are pins on brooches or similar objects; ear screws for ear rings; backs for the clasps and chain, which may be of silver of different fineness and mechanically made.

(2) *Dies*.—Dies used are to be entirely hand-made, with no tool more mechanical than hand tools and vice. Dies shall contain only a single element of the design.

(3) *Application of dies*.—Dies are to be applied to the object with the aid of nothing except hand tools.

(4) *Applique elements in design*.—All such parts of the ornament are to be hand-made. If wire is used, it is to be hand-made with no tool other than a hand-made draw plate. These requirements apply to the boxes for stone used in the design.

(5) *Stone for ornamentation*.—In addition to turquoise, the use of other local stone is permitted. Turquoise, if used, must be genuine stone, uncolored by any artificial means.

(6) *Cutting of stone*.—All stone used, including turquoise, is to be hand-cut and polished. This permits the use of hand- or foot-driven wheels.

(7) *Finish*.—All silver is to be hand polished.

For the present the Arts and Crafts Board reserves to itself the sole right to determine what silver, complying with the official standards, shall be stamped with the Government mark.

## REGULATIONS FOR USE OF GOVERNMENT MARK ON NAVAJO, PUEBLO, AND HOPI SILVER

The following regulations governing the use of Government trade marks of genuineness and quality for Indian products are promulgated pursuant to sections 2 and 3 of the act of August 27, 1935 (49 Stat. 891; U. S. C., title 25, secs. 305a, 305b).

The use of Government trade marks in an unauthorized manner, or the colorable imitation of such marks, is subject to the criminal penalties imposed by section 5 of the said act.

1. All dies used to mark silver will be provided by and owned by the Indian Arts and Crafts Board.

2. For the present the Indian Arts and Crafts Board reserves to itself the sole right to judge what silver complying with its standards shall bear the Government mark. All such marking of silver shall, for the present, be done by an agent of the Indian Arts and Crafts Board.

3. No piece of silver, though made in compliance with the standards set forth by the Indian Arts and Crafts Board, shall bear the Government mark unless:

- Its weight is substantially in accord with Indian usage and custom.
- Its design elements are substantially in accord with Indian usage and tradition.
- Its workmanship is substantially that expected in good hand craftsmanship.

4. Dies are marked with name of tribe. A Navajo stamp will be used where the maker is a Navajo Indian; similarly, for Zuni, Hopi, and Rio Grande Pueblo.

5. All dies will be numbered, and each wholesaler or dealer will be held responsible for any violation of standards in silver that bears his mark. Until such time as the Board

relinquishes its sole right to mark silver, the responsibility of the dealer for whom silver is marked will be confined to misrepresentations as to quality of silver and of stones used for ornament and to methods of production.

6. In addition to silver currently made in compliance with the standards of the Indian Arts and Crafts Board, other silver products made prior to the promulgation of these regulations may be stamped, provided the maker thereof is known to be an Indian, and the product satisfies the requirements in paragraph 3.

7. Any dealer offering for sale silver bearing the Government mark may, if he wishes, attach to silver so marked a label or ticket calling attention to the Government mark.

8. Every dealer offering for sale silver bearing the Government mark shall display in a prominent place a placard setting forth the standards and these regulations, such placard to be furnished by the Indian Arts and Crafts Board.

Promulgated by the Indian Arts and Crafts Board on March 10, 1937.

#### REGULATIONS FOR USE OF GOVERNMENT CERTIFICATE OF GENUINENESS FOR NAVAJO ALL-WOOL WOVEN FABRICS

The following regulations governing the use of Government trade-marks of genuineness and quality for Indian products are promulgated pursuant to sections 2 and 3 of the act of August 27, 1935 (49 Stat., 891; U. S. C., title 25, secs. 305a, 305b).

The use of Government trade-marks in an unauthorized manner, or the colorable imitation of such marks, is subject to the criminal penalties imposed by section 5 of the said act, which provides:

Any person who shall counterfeit or colorably imitate any Government trade-mark used or devised by the Board as provided in section 305a of this chapter, or shall, except as authorized by the Board, affix any such Government trade-mark, or shall knowingly, willfully, and corruptly affix any reproduction, counterfeit, copy, or colorable imitation thereof upon any products, Indian or otherwise, or to any labels, signs, prints, packages, wrappers, or receptacles intended to be used upon or in connection with the sale of such products, or any person who shall knowingly make any false statement for the purpose of obtaining the use of any such Government trade-mark, shall be guilty of a misdemeanor, and upon conviction thereof shall be enjoined from further carrying on the act or acts complained of and shall be subject to a fine not exceeding \$2,000, or imprisonment not exceeding six months, or both such fine and imprisonment (U. S. Code, title 25, sec. 305d).

1. Government certificates of genuineness for Navajo all-wool woven fabrics may be affixed to fabrics meeting the conditions specified in section 3 of these regulations by persons duly authorized to affix such certificates, under license issued by the Indian Arts and Crafts Board.

2. A license may be granted to any person desiring to use the Government certificate of genuineness for Navajo all-wool woven fabrics who shall make application therefor and shall execute a contract acceptable to the Indian Arts and Crafts Board providing for the use of such certificates in conformity with these regulations, which contract shall be accompanied by an indemnity bond acceptable to the Indian Arts and Crafts Board, in the amount of \$500, conditioned upon faithful performance of such contract.

3. No fabric may carry the Government certificate of genuineness for Navajo all-wool woven fabrics unless all of the following conditions are met:

(a) The fabric is made entirely of local wool that is locally hand-spun and is entirely woven on a native Navajo loom;

(b) The fabric is made by a member of the Navajo Tribe working under conditions not resembling a workshop or factory system;

(c) The size and weight of the fabric are indicated in the certificate;

(d) The licensee dates and signs the certificate.

4. Each licensee will be furnished, upon payment of the registration and license fees hereinafter specified, one hand seal press and a supply of blank Government certificates, which shall be used only in accordance with this license, and shall remain at all times the property of the Board.

5. Each licensee shall pay a registration fee of \$2, together with a license fee which shall be determined on the basis of \$1 for each 40 Government certificates ordered by the licensee from the Board.

6. In the event that complaint is made to the Board that any provision of any license or of these regulations has been violated by any licensee, the Board may suspend the license and all authority conferred thereby, in its discretion, for a period of 30 days, by notifying the licensee of such suspension, by mail, by telegraph, or in any other manner.

7. In the event that the Board, after giving a licensee written notice of charges and affording an opportunity to reply to such charges, orally or in writing, is satisfied that any provision of any license or of these regulations has been violated by any licensee, the Board may revoke the license by notifying the licensee of such revocation, by mail, by telegraph, or in any other manner. Upon notice of such revocation all authority conferred by the license so revoked shall forthwith terminate, but the validity of actions taken while the license was in force shall not be affected.

8. Any license may be surrendered by the licensee at any time by surrendering to the Board the Government hand seal press and unused certificates of genuineness entrusted to the licensee, accompanied by a copy of the license marked "surrendered" and signed by the licensee. Such surrender shall take effect as of the time that such property and document have been received by the Board.

9. Each license shall be in effect from the date of execution thereof and until 1 year thereafter, unless sooner surrendered or canceled in accordance with the foregoing provisions.

10. Certificates shall be fastened to the woven fabric by wire caught in a lead seal disc that shall be impressed and made fast with the hand seal press furnished by the Indian Arts and Crafts Board.

11. When the certificate is first applied, the lower of the two spaces provided for the purpose shall be dated and signed. In the event that the ultimate retailer of any fabric so marked is not the person who originally attached the certificates, that ultimate retailer, if duly licensed under section 2 of these regulations, may date and sign the upper of the two spaces provided for the purpose and may, if he so desires, detach the original date and signature.

12. Certificates may be attached only to products which are in the ownership or possession of the licensee. Certificates will be consecutively numbered and records of the allocation of such certificates will be maintained by the Indian Arts and Crafts Board. Each licensee will be held responsible for the proper use of such certificates and of the Government hand seal press furnished to such licensee.
